MULTAN CANTT.

Dear Mom,

Sorry I haven't written sooner. I have been very busy and just couldn't write to anyone it seemed. I owe about 20 letters at least.

I got the last check allright. That make two I have received here in Multan. I expect another one for Oct. anyday now if you didn't delay mailing it.

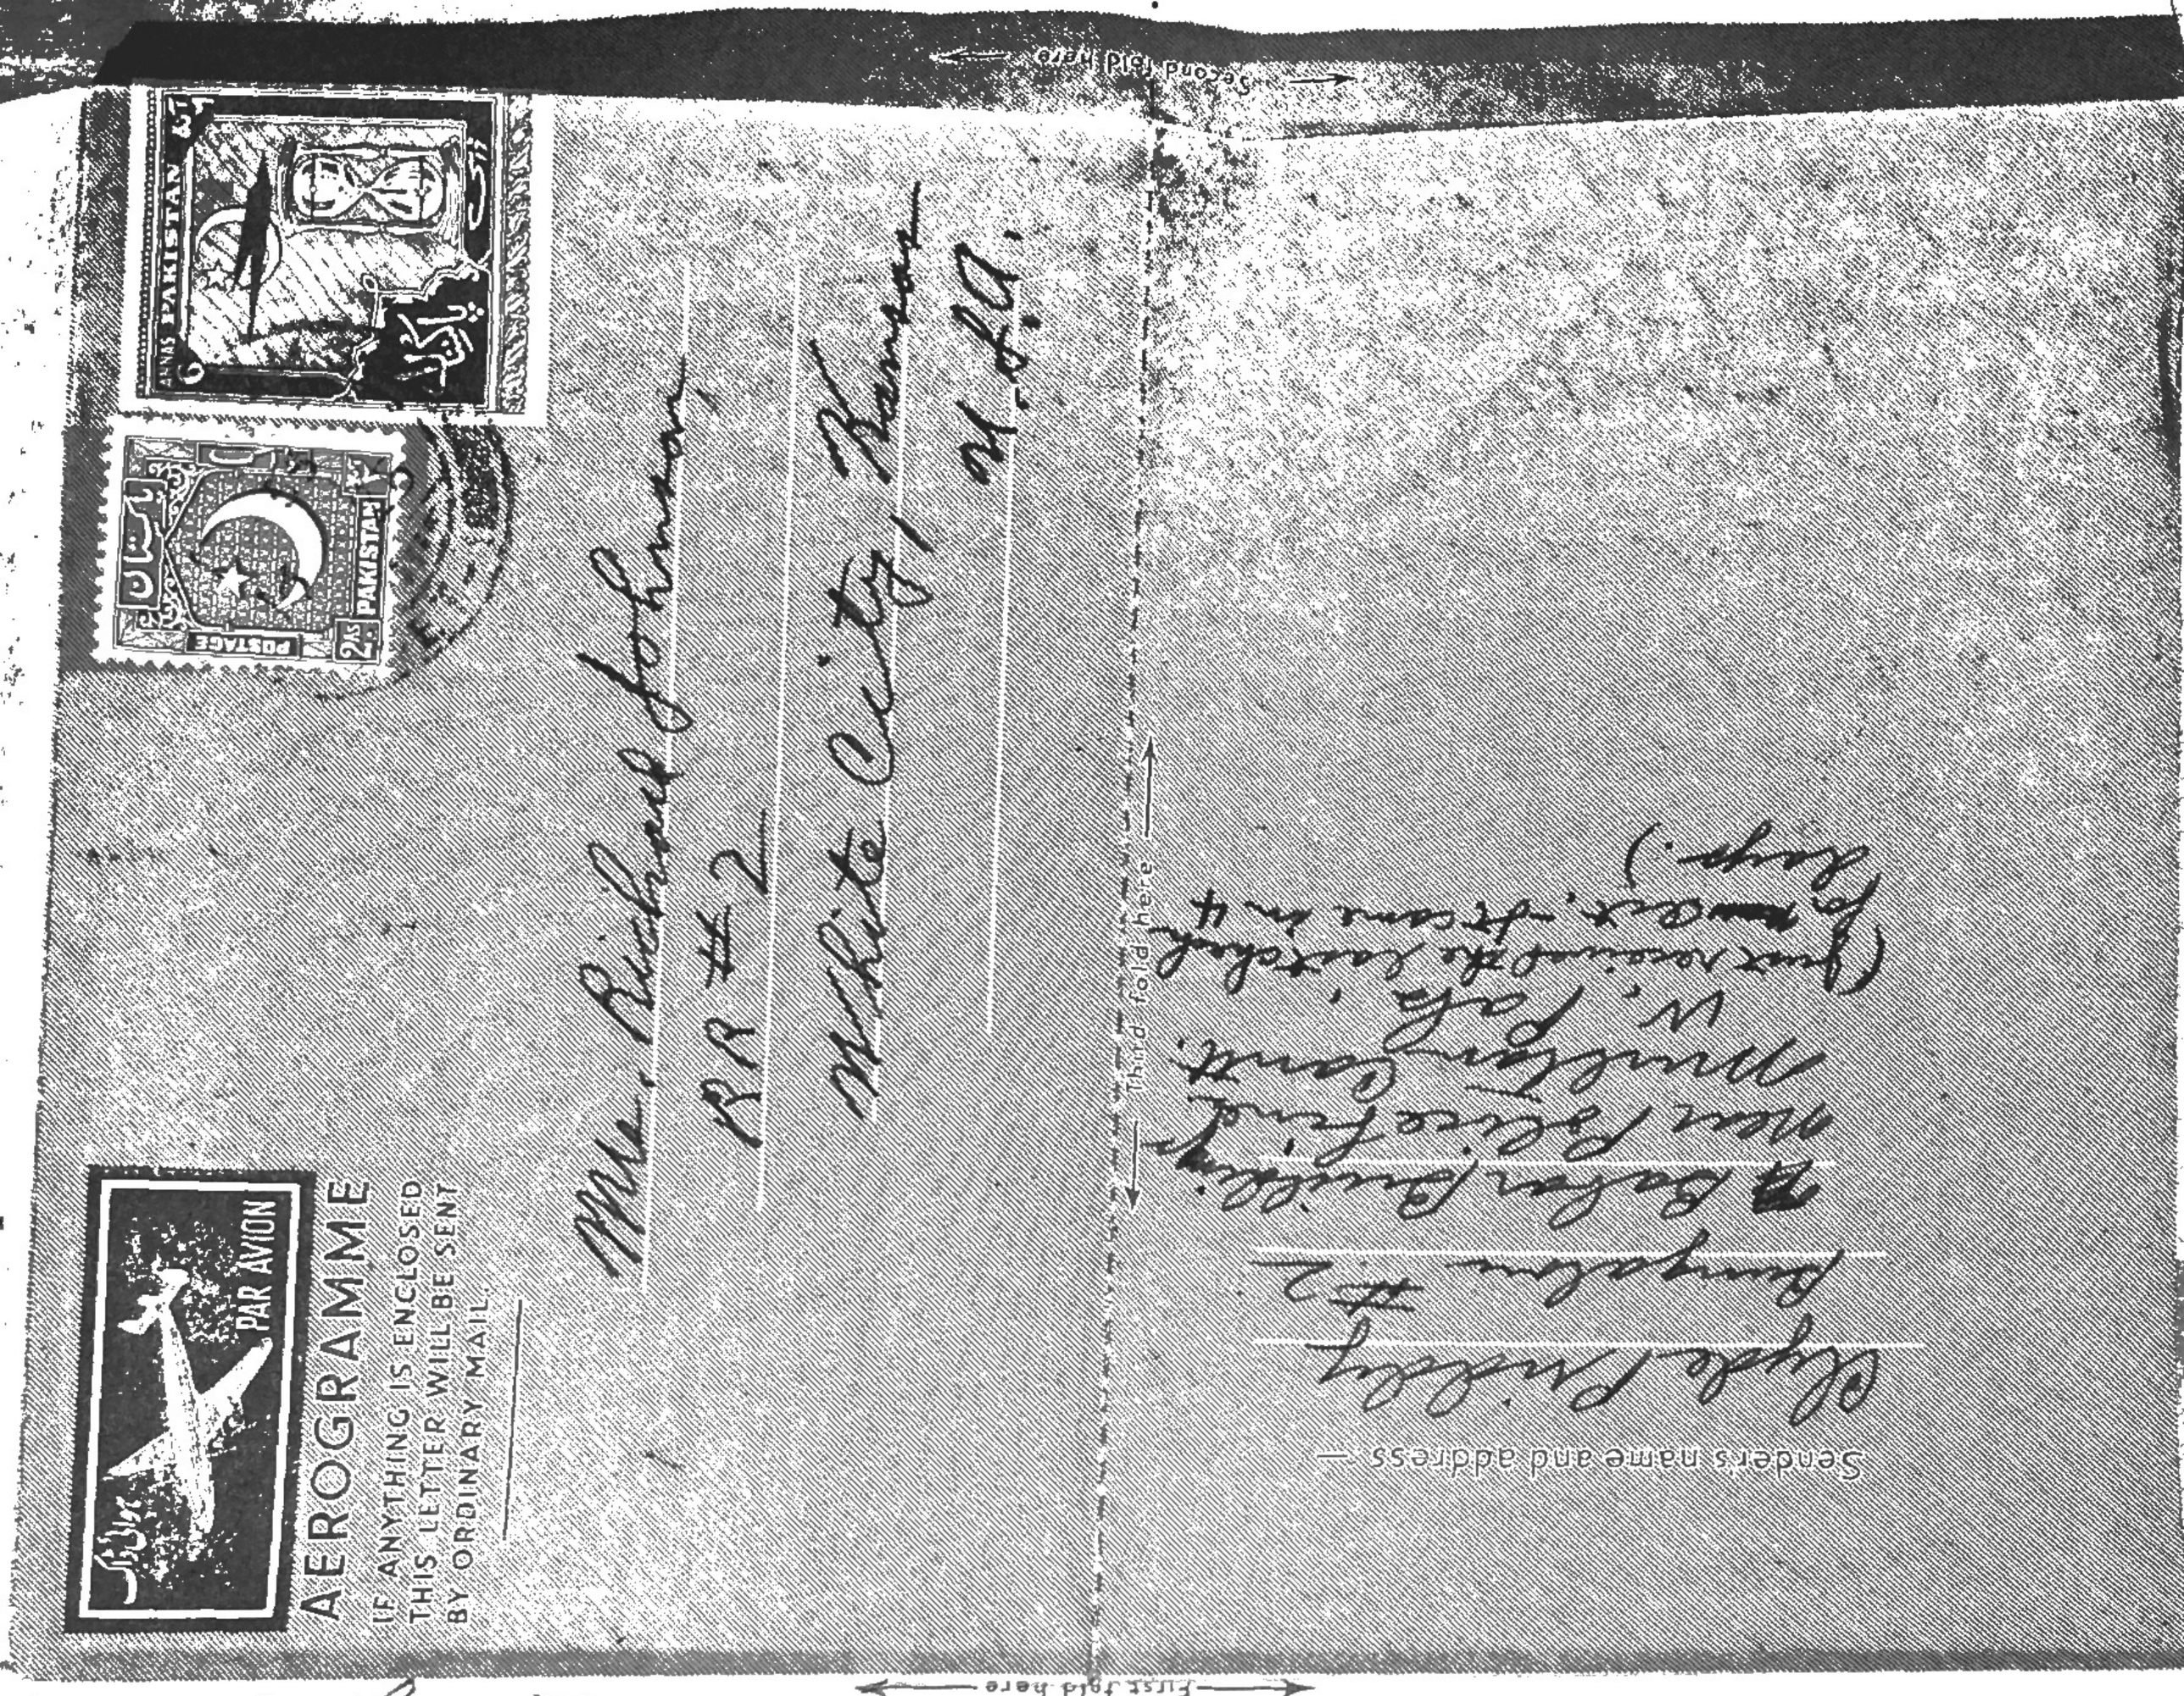
Notice I have changed my address. The hospital wanted us too as it sometimes interfered with their work. Mail that goes there will be delivered to us okay tho. We still have two girls living there.

I received the clothes about 5 days ago Customs had opened them & put in a slip saying the package was in bad shape. But everything was allright. The clothes were very, very, nice. You don't know how good it was to see them. I have been dressing like a tramp & was beginning to feel ashamed of it. I'm glad there was so many pair of pants. It seems like pants only last a few months here.

Our General Director is here now. He will be leaving for Iran tonight tho. We had a Field Conference and that last four days so we had meeting all morning & afternoon & in the evening.

I was just living out of suitcases on in the other place & its very hard to work that way: Here as far as I'm living out of suitcases but I hope to get some furniture soon. At least I can stay here for awhile & fix my room up. Mr. & Mrs. Phillbrick are here also so I eat with them They have two boys.

Its so hard to keep your room clean. Do you remember how to make oil sandwich What kind of oil do you use. I can get regular car oil but its rather heavy & kerosene. Maybe I can dilute the car oil with kerosene. The dust carries disease & is hard on my lungs



and throat.

I got diarrhea about a month ago & I was so weak afterward that I couldn't do much. I wasn't getting much to eat & it seemed like I couldn't get any strength back. I went to bed at about 6 or 7 P.M. I go to bed now at 8 P.M. I just can't do a thing at night. After supper I am through. This country works on you that way. It seems to rob you of strength & energy.

I don't think I care about a new Bible. I don't care about large Bibles I know. I have several Bibles.

The Bookstore is just about open; I have rented a building & am having furniture made now. Next week I hope to open it.

I passed my third language program but I never have time to study any more so doubt whether I can take my 1st year in March.

Thanks a lot for the nice clothes. Love Clyde.
