Dear Man,

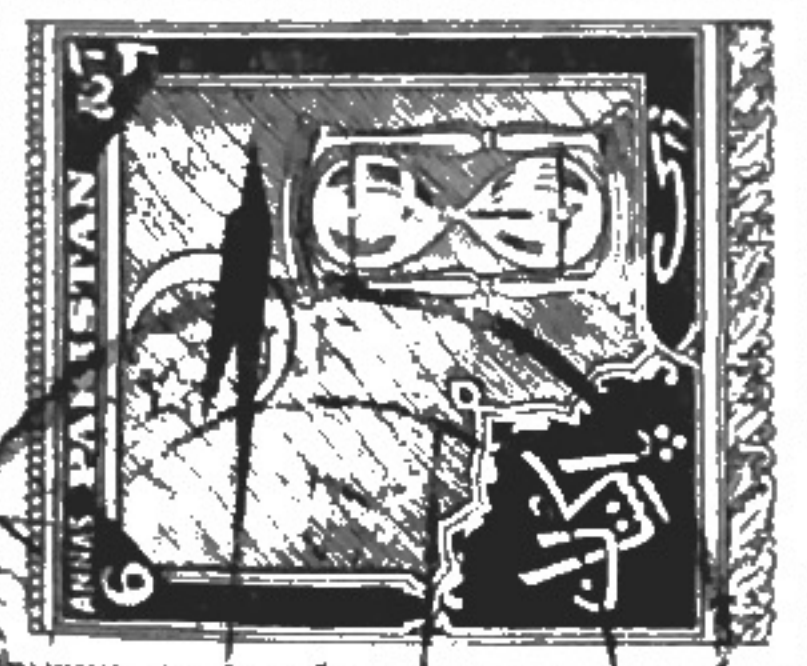

Hope you are look okay. I am fine and have been for a long time now. I suppose the cold weather hit there also. I heard of the cold wave in the states but as yet I have seen no details.

I received your package a couple days ago. I thank you very much. It was very nice. Everything was in perfect shape. I am all set now.

Today I baked some bread. I used two packs of yeast & 12 cups of flour, 2 egg, salt, milk, 5 tablespoons of shortening. It came out very good. The color was quite yellow from the eggs & the crust is very flaky but it tastes good especially after the bread here which is very poor. I will experiment around & see how much flour to use with one package of yeast & I will see how much shortening it needs to see how it affects the bread. I like to do it but it takes so much time and I only got three medium loaves out of it. I can sure get some good cinnamon rolls the way I want to.

In trying to show the cooks how to make bread so I want to have to. They sure are hard to work with.

I received the calendar also & the two small cook books in the separate envelope. You shouldn't have put the coffee in the cardboard box. It got hard & doesn't taste good. I would rather you leave the coffee in the original jar & sealed then have it put in anything else. In other words I would rather take a chance on it breaking & have good coffee than to get stale coffee.
