Dear Mom,

It seems like its about time I write you. Ive been down the last week with Malaria. In fact Im still down. Im writing this in bed.

I had thought that Malaria wasn't bad to have anymore and even that you wouldn't get it if you take suppressive drug for it. But Ive been taking a suppressive drug & I got it anyhow.

Monday Jan. 9th.

Well I believe Im getting better now. I was sick for a week. It all started out with a very tender stomach & loss of appetite. I felt generally lousy but I didnt know what it was. Then I got a slight chill one night in bed but forgot about it. Then Tues. evening I got an awful bad chill which was followed by a fever. Well noon I got another chill & fever worse than the first Wed. evening I got another. Each fever got higher until I quit checking them close cause they all was going up to 103.3 at the last. I had a terrific headache all the time & sick in the stomach & couldn't eat.

I took one set of pills prescribed for Malaria & they didn't work so I took another & they brought the fever down. I don't care what anyone says Malaria is rough. It supposed to come on in 24 hour attacks where you get attacks for 24 hours then it quits for 24 hours but I never had any respite from it at all for several days.

I got the Chr. package. You should have a letter by now saying so.

I just received the letter with Mrs. Stubbs note in. Felt try to write her soon.

Dont worry so much about the

Shiddley S.S.. They have done all this before & you know it. What do you effect out of them. I did get $25. for Dec. from them

Aunt Laura has a book out at the farm by his Robert Anderson. I would like to have it if you get her consent & if you can mail it separate. It shouldn't cost more than about 30¢ to mail her a book.

In case you have a package ready to send I could use some ice cream mixes & jello & pudding mixes; ~~but~~ lots of them. Don't send a special package tho as you have sent too many allready it sounds like.

I'm up & around some now but not too frisky yet. My appetite is improving tho. Must close, Love Clyde
