Dear mom,

I received your last letter and the check
okay. Please send this check to Leiah. I am
writing this from Murre where I brought Mary &
Philip, but I shall return in a few days to pick
for another month.

I received a nice letter from Aunt Laura
yesterday. She told me all about the man
she expects to marry, and their plans etc. She
sounds very happy, and sure that it is best
for herself & others concerned. I think it's a
good thing for her also. She has been
sending Mary and I \$20.00 a month
on our support, and feels quite badly about
not being able to continue it, but I
told her that others would take up the
loss. Already I think others are beginning
to send to us.

Smitty was inquiring about our support
and I expect him to help now. Also he
sent some money last month for the first
time in a long time. Chuck sends quite regularly
also. So I expect our needs will be met.

I was very sorry to hear about Rich, but
I knew he would start slowing down one
of these days. I hope he will take it

easy now. He should quit farming & go to raising cattle only. I see the grain surpluses are terribly large in America. It seems funny to live in a country where the greatest need is plain wheat. These people practically live on wheat alone.

We are all fine. Philip is almost walking. He has eight teeth now.

Smallpox nor any of the other shots bother any of us. You just imagine that they are bad. They just barely scratch you now & you can hardly notice it.

Thanks so much for the coffee. It should be here when we need it the most. See you in 10 months. Love you & the kids
