Dear Mom,

I received this last check okay. The reason I never had you register them before was I had been told it wouldn't do any good here, but they do treat it as registered mail. They deliver it special & I have to sign for it.

Don't make a special trip in to town to register it as there is no great hurry in getting it.

I haven't received the packages as yet. I don't know what happened to the boat but it's sure slow. I think everyone here almost has gotten 2 or three packages but me I haven't gotten any.

It's cold now & I get so hungry for candy it's sure a job to keep warm.

Kerosene is very short now and we do all our cooking on that.

I did not get your 4 packages of yeast. Maybe it will come in with the package. I did receive the ~~part~~ yeast in the air mail letter. I now have six packages of yeast but no kerosene to bake with. For 8 days we've just had enough kerosene to cook with & no extra. The price went up to 60¢ a gallon. I hope the shortage will soon be over.

Mom, probably all that will happen with your complaining to the Veto Administrator is they will get confused & stop the checks altogether. I wrote them a letter but I don't think it reached them. I will write again tho.

I wrote Scott a letter yesterday. They sent me \$5.00 last month.

The American Women's Union Missionary Society has completely taken over the hospital here in Multan. They have one lady doctor & 4 nurses here. They are all very nice especially the doctor who is about 50 and a southerner. I forgot to
