Mission Hospital

Dear Mom,

I'm sure you must have gotten my letter saying I received the check okay. I haven't as yet received this month's check.

The big news I wanted to tell you is I am going to get married! I don't know when it will be, but I suppose it will be next fall sometime.

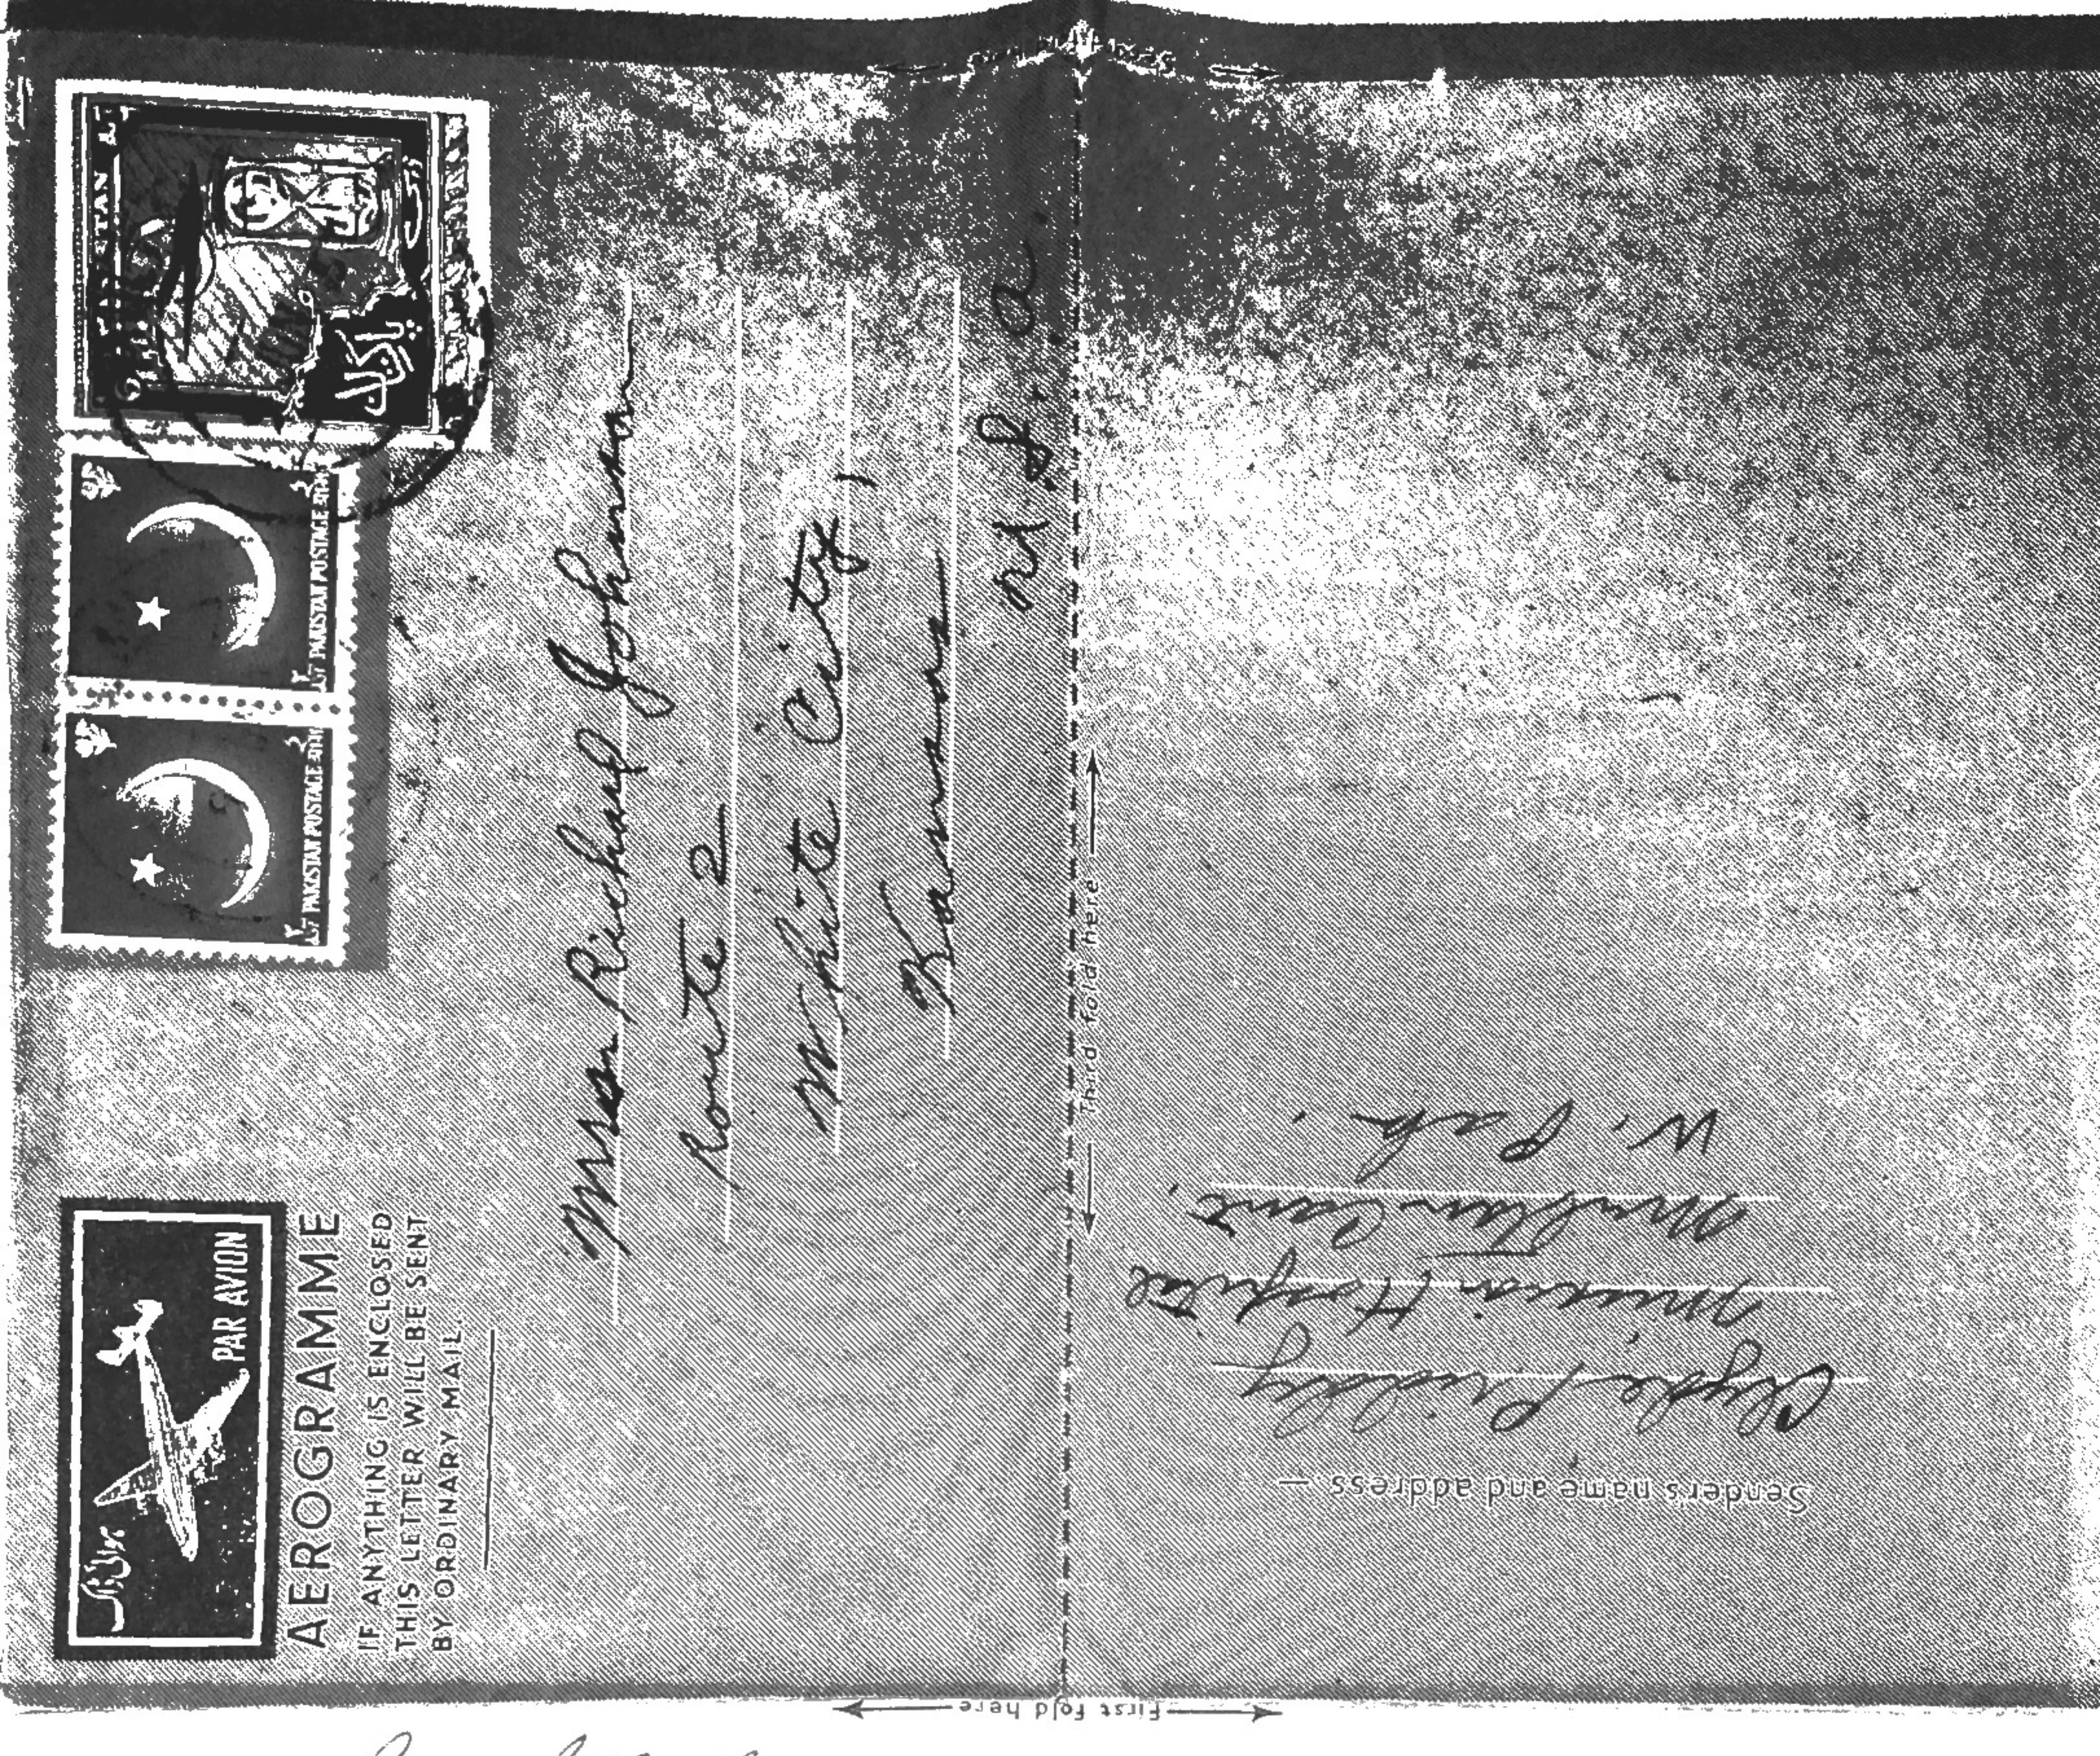
The girl is Mary Cady that I told you about before. She is from Western N.Y. State - a small town girl, actually a farmer girl.

I'll let you know the details as we work them out. It's hard to get married here as you have to be licensed by the govt. to perform weddings & none of our men here in Multan can perform weddings etc.

Some of the older missionaries here in Pakistan can do, so I will find someone to do it.

I was getting tired of living alone & when I go out on a station alone next year it wouldn't be any fun. I have known Mary every since I came out here, and now [redacted] I want her for my own.

She has been in our Mission for 10 or 11 years mostly in the office



in the State.

Her age is 32; she was born on Dec. 24th.

I haven't told anyone in the state yet. I just made up my mind last night.

I wish we had some of that cool weather you having over here. It's plenty warm these days.

I'll probably go to Muscat about July 1st or sooner. Don't send my July check until I give you my right address.

Esther: Will you please return it to me. Thanks. Love Clyde
