Dear Mom,

Sorry I haven't written in so long. The check came through okay.

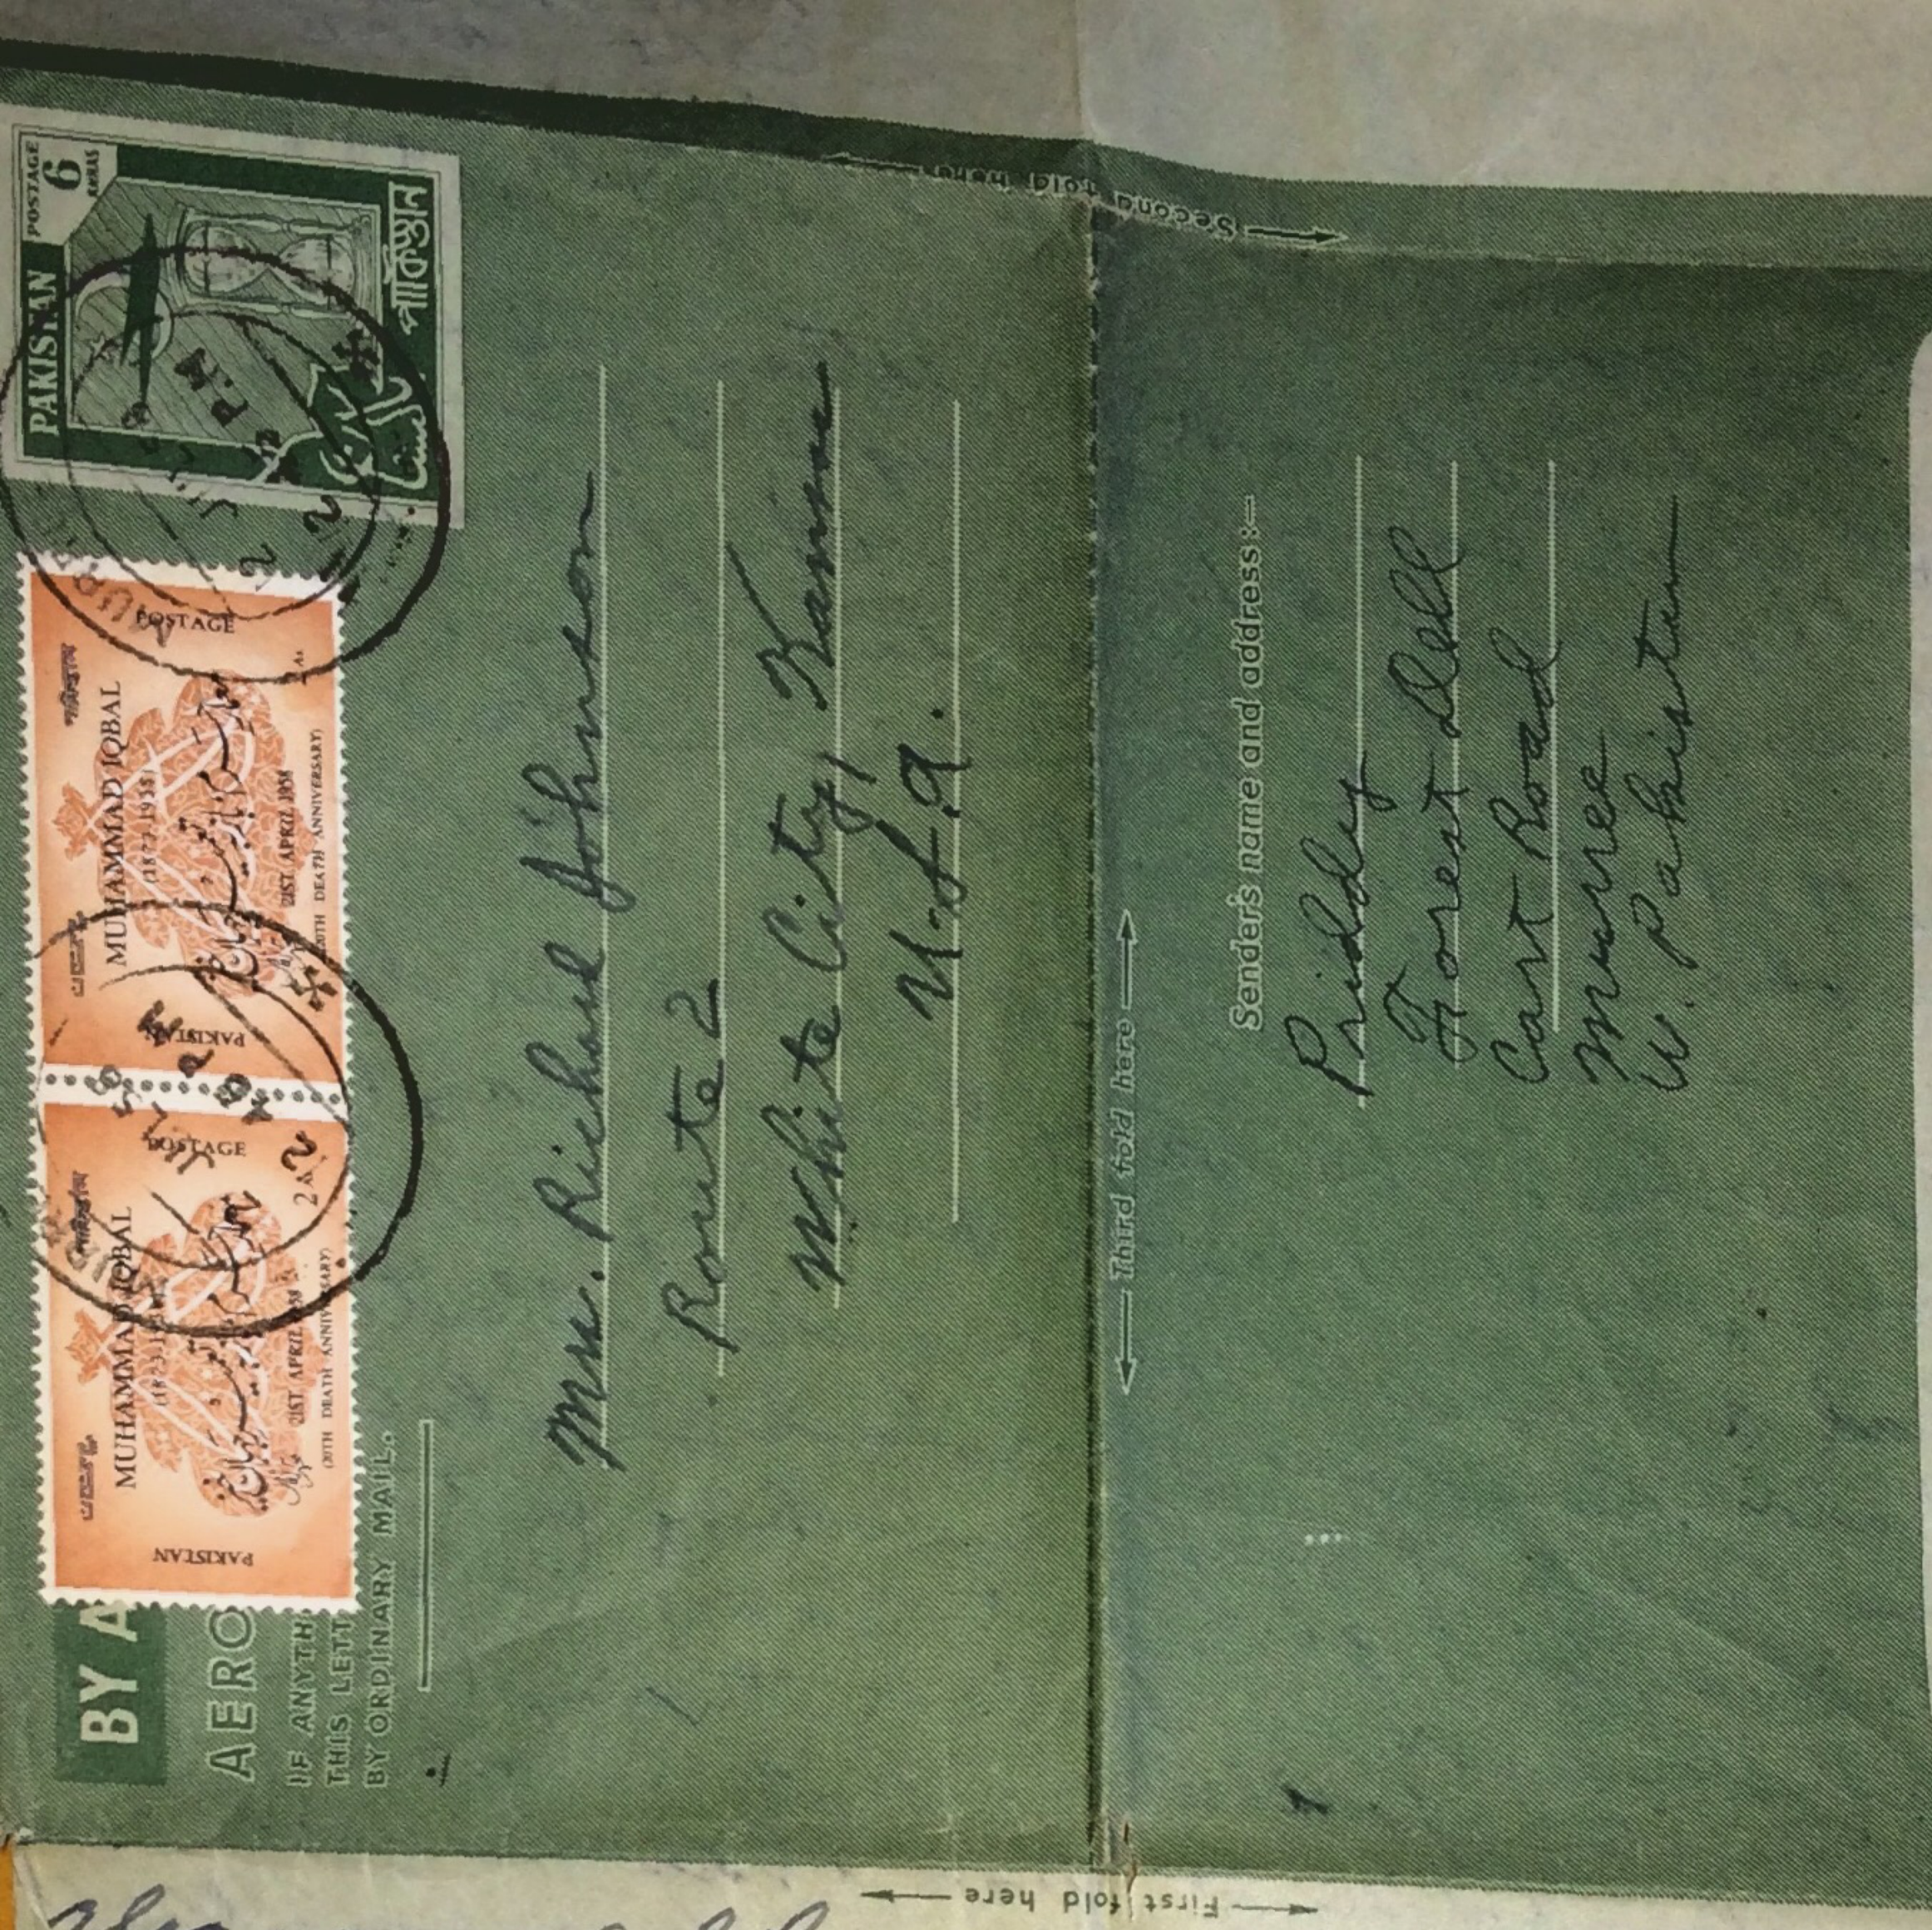
Mary and I are both fine. We have a nice place to stay here. There is an English family in the other half of the house. They are ~~Ply~~ Plymouth Brethren missionaries.

Sadie Phillbrick lost her baby at 7 months. The baby lived one day & died. It couldn't breathe properly. Also Sadie had a liver ailment & that affected the baby. One of our other ladies that expects in a couple of weeks is looking for twins. She is a tiny girl, but is very large now. The doctor isn't sure about twins, but she thinks its a possibility. This girl lost all her other babies at two or three months — pregnant. She always had something

Did I ever tell you that my old friend from Canada, Dave Johnson, was killed in India one year after he came out. He is the one I spent Christmas holidays with when I was at Prairie. He was working on a car & was electrocuted & died instantly.

Mom, I need some more coffee. The time I want ground coffee about 4 pounds a regular grind and I prefer Maxwell House but another good brand is okay. Also one jar of instant Maxwell House coffee. I like the percolated coffee much better. Mary said she moved like some of the grape juice in cans that is the concentrated kind.

Please send a "SCRABBLE" game also.



Also wanted liberaloni more ~~stuff~~ spaghetti + chili seasoning packets, peanut butter, gum drops ~~&~~ candy & not bubble gum; & anything else good.

SEND PACKAGE TO LEIAH

Hope you and Rich are fine. I would like to do a little farm work again for a change. Well, we will be home before to long.

I will cable home when the baby comes. Mary says they always mess up the name in a cable so I will write the name before the baby comes. I may just cable Mary's parents + have them telegram you to save money.

Glad you liked the tape of our wedding. Did you play both sides of the tape? Don't bother to have a tape made just keep that one until we come. Must close love, Clyde
