Dear Mom,

Thought I should write and tell you that I got the package you sent March 10. It had the cake mixes and cheese etc. In it. I liked the package and everything was in excellent shape; even the candy bars. I guess some boats store the stuff in the boiler room & some don't.

I just fixed up the macaroni today for supper. I fixed up a sauce of raw tomatoes & some canned tomato paste that some one had. I baked a cake today but it came out terrible. The fire kept going out & I didn't know the temp and the cake rose up then fell in. We ate it up the anyway. That frosting mix is sure good, but there was only one bag.

I received my check the other day safely. I would like the insurance notices, papers, etc. sent out to me. I need them all to know what to pay etc.

I worked nearly 8 hours today Sunday in the kitchen. Rather I spent 8 hours, mostly cooking in the kitchen. I baked the cake all afternoon. I had to fix up the stove first, but it works terrible. It's a 3 burner but one of them will never burn steady, but goes up & down.

Well I got a nice motorcycle the other day. It's an English cycle 3½ H.P. single cylinder. I needed a pair of goggles bad the on the wind & dust make my eyes so red when I ride it. Can you send me a pair?

The color film is okay if it's daylight. I hope I can get it taken up. It will be slides just like those at home and they will fit on the projector.

Say I would like some of my old slides sent out to me. all of the farm & harvest & everything but none of the girls.

I particularly want those around home & J. C. etc.

I received a nice package from the Baptists in Connecticut a couple weeks ago. It was shoes, socks, shirts, medicine, etc. They send me money quite often but nothing regular. It was a very expensive package tho.

Here in Nagoya we are more separated from the people and we study language all the time. It had an our spiritual life. I'll be glad when I get through the first two years & can spend more time in Bible study again. A person dies up unless he reads the Word much.

Received a nice letter from Bro. Smith in San Antonio. Never hear from Lee, Chuck, Leota anymore. Maybe my letters to them were lost also & they are waiting to hear from me. Heard from Mrs. Scott too.

Love Clyde
