Dear man,

I received your letter today with the check in it.

I was sorry to hear that my letter to Charlie Norman didn't reach him. I spent two hours typing out a long letter to him. I will try to write him today (checking ^{him} for the package).

I guess the biddy people have stopped sending me money so it will be all right now.

We'll be finally made it back to Murre. It's such a job packing up all your stuff, some for the trip & some to remain in Multan. A missionary is on the move so much. It's nice here in Murre. ~~Very~~ Very dry & warm but nicer than Multan. I saw in the paper where it was 121° in Multan about Sat or Friday. I don't see how we can do much there during the hot season. It gets hot from 9:00 until 5:00 & you can't stand to be out in the direct sun. The people never go out in the heat of the day. It's very hard on children. We have 5 people there now & one couple has 4 children. They were too stubborn or something to come up early out of the heat.

I found out a few days ago that Dr. Haman had malaria last fall & had the same trouble I did. The medicine that medical science says is so good for it didn't work at all. Luckily there are 4 or 5 different medicines & Dr. Haman said they generally use straight Quinine injection in the hospital for malarial patients. The malaria here is different than other places & the common new forms of medicine won't touch it.

Man, I would like lots of cake mixes. I wish you would send about 7 or 8 in a package. There are five of us bachelors staying here at Dingy Bell & we can't

have

I have a

box of cake

Senders name and address:-

bake for our selves. We can mix up cake
mixer in a hurry & have them for dessert
once in awhile. If you send any here because
they can be baked at high altitude. I don't care
much for Angel Food. They are too difficult to
bake for me & I have no fan. I could use raisins
for baking too & all different kinds of cake mixer
such as spice cake, brownie mix etc. I like
chocolate & marble cake the best etc. And once
two boxes of icing sugar.

I am running the kitchen for 5 of us. We
have one boy from Denmark staying with us. I
make butter every three days from cream & scrape off
the milk after its boiled & set overnight. We use
milk from water buffalo. Its very rich but they
always add their dirty water to it.

I have quite a lot of coffee now. I just received
a letter from Lee & Joie. They said they are sending
me more. I hope they send some cake mixer. They
did the last time. Must close. Love Clyde.
Am still in good health.
