Dear Mom

About two days ago I received  
a letter that you wrote Jan 19<sup>th</sup>.  
and about three days ~~ago~~  
before that I got your letter  
of Jan 24<sup>th</sup>. You can see how  
bad our mail has been since  
the 1st of Dec. We get mail  
only once a week or less.

Its worse now than before the  
end of the war by far. Just  
another reason to hate the army.

You asked in that letter  
to send Lee some a table line. I  
happened to have a bottle & sent  
it the 10<sup>th</sup>. Its 1st class,  
so it should be there. Lee  
better find a place to get it

-2-

Cause I cant send any more  
I dont think tho I run across  
another bottle today. Ill send  
it if you need it but I dont  
guess Ill ever get any more.  
We dont take it here.

Say just what has  
Letha done. You said Lee  
told me but Lee didnt tell  
me. Betty told me that Lee  
said so & so, but if she  
has done anything why dont  
you tell me. Id like to know.

Mom I want to have till  
June or July or later. So dont  
look for me. We have to stay  
here to watch the Indians

fight each other.

There's a riot on in Calcutta now. All vehicles & personnel are restricted to their area. A boy driving the bus to town last night picked up his passengers in town & started back & the Indians were lined up all over the road and tried to stop him. He had several officers & enlisted men & two Red Cross girls in the bus. But he never stopped. He slowed the gas down & barreled through. They threw bricks & hit him twice. He has two large bruises on his back where they hit. He can't carry arms or anything. It don't matter if they kill

4  
a couple G. I. s. just as long  
as we don't bill them.

I have a new address again  
Am moving in about 10 days. So  
use my new address.
