

Feb 7th

Dear Mom

AMERICAN RED CROSS

I received your letter today of Jan. 24th. The mail situation was pretty bad because of storms on the Atlantic so the Army says.

I hope Phil gets home soon. Have him write me as soon as he will. I never did write him since last June. I lost his address for a long time then.

Was Lee gone to H.C. to work or what. I might try to work in H.C. I would rather work on a farm or ranch tho.

I am going to try to own a some day. I got to be my own land.

AMERICAN RED CROSS

live in the country. I wouldn't
mind helping Rich if he
wanted me too. at least I would
like to try. I don't suppose it
would work tho. I sure would like
to learn the cattb & farming business
from some one tho. After I learned
a little I could go to college then
try my own luck after I got out.
I mean Agricultural College.

I heard on the radio today
that they had a terrible bad dust
storm through Kansas Oklahoma & Missouri.
I hope it didn't hit you at J. C.

I hope I can make a couple
hundred out of them 4 calves.

-3-

AMERICAN RED CROSS

left to sell.

I'm glad you're getting your teeth fixed now. I hope I shouldn't bother you after they're fixed for some time.

I sure feel good now. I'm better than ever before I guess in my life. I'm aching to start work some place. I weigh 172 & I feel like a king. I guess it's cause I'm 20 & just looking ahead. My eye doesn't hurt at all now. I work in Base Supply now & have to work 8 hrs. a day. I drive mostly to different airfields.
