Dear Man

I finally got a letter from
you. I hope you didn't miss out
on anything writing it. While
you worry about the trouble your
one letter might cause getting to
me I go to mail call every day
and wonder what's happened to
everyone. You many people do
you think writes me. Just you
and my girl so I have only got
one letter from her. So every
time I go to mail call I watch
everyone else get mail while
I just would give a month's
pay to hear my name called just
to hear what it sounded like.
Some guys get as many as 8 letters
at one time and you worry about
the trouble one letter would

cause

- 2 - ~~Don't send me a Christ-~~
~~mas package~~

I think you left out a sheet
in your letter at least something
I wanted to hear is missing. About
fee or maybe you just made it look
that way. Now about rummaging
your papers so I can tell which
are to read first I always read
just any of them because I can't
figure how you wrote them.

Too bad about Jimmy. I bet
he had a bad streak in him tho
Mom I haven't any time to write much
a million things to do.

Send me all of Phil's & fees
letters.

I didn't have any sleep last
night. Its 9:00 PM now I am
pretty tired. Just had my hair all
cut off.

Write soon Love Clyde
I hate to see trouble between Aunt Laura
and you.

Don't send a Christmas package to me.

344 ypp
Mom if Rich sells my calf
remember half the profit is his.
If you want to buy another one
with the money why I guess you
can but if you don't put the
money in the bank. I hope to send
you money to see you after I go
over.

I plan to write Phil tonight

Mom I have to send my camera
home also my flashlight. The
day we was supposed to turn them in
(we had to check them to put them on
the boat) was on H.P. but I didn't
get to. That was the 23rd. Only
my second day here & I had to do
H.P. Thanksgiving too. I didn't
even know about it until today
and the Captain hauled me out

I can't take them with me. So you send them later
