

P.S. Just looked at the rolls in the oven & they were way up. The first time I've been able to get them to rise like they should. I changed recipe.

Dear Letha, Bob & children,

Received your nice letter yesterday. I've enjoyed it. Also received your nice package yesterday too. Am enjoying that now. I thank you so much for the nice things. The package arrived in two months. I think it must have gone around Africa too & not through the Suez.

I can't say and enjoyed the jar of coffee you sent tho. It was caffeine free. What do you think I drink coffee for anyway?

Bob I'm really surprised to hear how heavy you are!! Prosperity is really come for sure. And to hear of all the household goods etc. What can you get on T.V. there?

I'm sorry you didn't know what to send in another package because I can use a lot of things. Mostly for eating tho.

I'm just now making cinnamon rolls for the 2nd time this past week. That's what I want yeast for. If you can send it out airmail with a letter I could use some every three weeks or so. I have a hard time getting the dough to raise properly. The flour here is very poor & very heavy. When I finish Urdu I hope to bake more & bake all my own bread. I hope to teach my cook how to do it tho.

Bob I sure do appreciate that famine, Famine & Brown Commentary. If it wasn't for that I wouldn't have any books to consult for much of the Bible. Also I hope to start using the sleeping bag on trips starting next week.

Last week I went out & sold H/O booklets & distributed 400 tracts and I hope to do it more often. It's really getting cold tho for a motorcycle tho.

I not only received a letter and package but I
got \$100 support from you in Nov which I just got
day before yesterday. The dates were Oct 26; Nov 1
& Nov 20th. (\$25, \$25 & \$50)

I could use some thing I thought of if you still
feel like sending a package. If you short on money please
wait until after Christmas. 2 flashlights, batteries,
1 large tin of peanut butter, Sugar, Brown sugar (1 box)
about 46 of the extra large Hershey chocolate bars - I get
very hungry for chocolate, Candy Bars all kinds. Candy.
Brownie mix. 2 boxes. Anything good to eat I can use.
The boxes have to be tied very good. I reasonably strong.
They don't need a lot of paper inside unless there
is extra room. Fill up the extra room with fello,
ice cream mixer, marshmallows, dry cereals. If you
send candy bars put them in a box or container & not
loose in the box. The prices should be declared at
wholesale prices. Received nice letter from Frank
& Jerry. He said he's preaching around diff. churches.
